### WINEMAKING NOTES

Harvested by hand in late-October, the grapes were hand-sorted, destemmed, and fermented as whole berries in small, open top stainless steel fermenters. The wine was drained and pressed after 24 days on the skins, and the wine was filled into 225 liter French oak barrels, 75% of which were new. Malolactic fermentation took place in barrel. The wine was racked to blend after 12 months, and remained in barrel for a total of 26 months. Bottled unfined & unfiltered.

### TASTING NOTES
